The College of Natural Sciences invites you to apply for the Marilyn & Ron Tuttle Undergraduate Research Scholarship

Students meeting the following criteria are strongly encouraged to apply:

- Undergraduate student in the College of Natural Sciences majoring in either biology or biochemistry with a cumulative GPA of 3.2 or greater;
- Submit a 1-2 page statement outlining your proposed research to be conducted and mentored by a biology or biochemistry faculty member;
- One letter of support written by your professor/research mentor, and submitted to the College on your behalf stating their agreement to mentor your research efforts;
- One additional letter of recommendation.

Students are required to complete the following application steps:

1. Complete your CSUSA – be sure to list your faculty research mentor email address in the appropriate section!
2. Login to our college scholarship site (https://cns.natsci.colostate.edu/scholarships/students/)
3. Select the ‘Marilyn & Ron Tuttle UG Research Scholarship’ box and click on ‘Update Information’, and click the ‘Upload Document(s)’ link
4. Mark your ‘Type of Document’ as ‘Research Statement’ in the drop down menu
5. Upload your document!
